# Lillestol Offers a Different Kind of Research

## WHAT SETS US APART:

- We value you – and we treat you that way!
- The medications studied are close to or already FDA approved
- You CAN be on medication
- You CAN have a diagnosis; for example, diabetes or high blood pressure
- No overnight visits – we work around your schedule
- We always keep your doctor informed
- Patients receive thousands of dollars in medical care at no cost
- You are compensated for your time
- We have new trials starting every month – even if you haven't qualified before, you may qualify now!

*We are currently seeking individuals with the following diagnoses for new and upcoming clinical research studies.*
